Lindsey Plummer
Executive Director

Greetings Sister/Brother

It is with great pleasure and an honor for me to extend the “Official Welcome” into the International Association of Black Professional FireFighters (IABPFF).

I am confident that the fraternal bonding and professional friendships developed because of your joining our ranks will certainly provide you with a sense of African American Pride that cannot be found anywhere else. The many opportunities for training, workshop participation, leadership development and service to the African American community and other minorities will make this relationship a most worthwhile one.

Thank you for having the courage to join, the will to serve and the strength to help us in the struggle to **“KEEP THE FIRE BURNING FOR JUSTICE!”**

Again, welcome and may God richly bless all of you.

Sincerely,

Addington C. Stewart
President
